Q & A: Key Points on Bond Issuance

8. Who issues the Security?

- The Security is promoted by a Special Purpose Vehicle (SPV), which is a NEWCO set up by Maat International and listed at Portfolio Stock Exchange or any other relevant European Stock Market -Frankfurt, Stuttgart, Vienna,...
- The Security will ve issued by an REGULATED off-the shelf Securitization Vehicle (ETI) with pre-approved Prospectus according to European Jurisdiction (MIFID 2)

9. Who manages the SPV?

- The Asset Manager will appoint with a Portfolio Management Agreement to manage the SPV (The "Trustee").
- The trustee is responsible for:
  - Collecting and making payments (e.g., insurance coupon payments, project funding disbursements, coupon payments to bond buyers, etc.).
  - All the payment-details will be included in the bond prospectus.

10. How does the Project (client) get the money?

- There will be a Line of Credit Facility structured via a Loan Agreement & Promissory Note between the SPV and the client.
- The SPV will have full rights to the project, always protecting the bondholder's investment.

11. Where is the banking done?

- Most banking operations are conducted with prime banks (e.g., HSBC, JPMorgan, etc.).
- The SPV will hold a bank account, and the trustee will oversee all transactions related to the account.

12. When is the collateral (SBLoC) delivered or issued?

- The Security (ETI/Bond) will be enhanced with the appropriate financial collateral to allow the monetization.
- The Collateral will be provided via a Banking Guarantee (SBLC) or any appropriate eligible tangible guarantee -Real Estate, Concessions, Metals,..)

13. Is the SECURITY Registered anywhere?

- Yes, the bond will be registered on a major stock exchange (e.g., Vienna, Luxembourg, Frankfurt, Stuttgart,...).
- It will have its own ISIN, CUSIP, and be registered on platforms like Bloomberg, DTC, or Euroclear, depending on the jurisdiction and delivery method.

14. What are the building blocks of the SPV?

- The SPV is built on the following key elements:
  - Project feasibility.
  - EPC contractors/developers (and their ratings).
  - Accounting underwriting.
  - Legal underwriting.
  - Assets and contracts.
  - Engineering underwriting.
  - Insurance.
  - Financial collaterals.
  - Market studies.
  - If applicable, Power Purchase Agreements (PPAs) and
  - their ratings....and more.

MAAT INTERNATIONAL GROUP´s strategy is based on the achievement of long-term relationships with its clients built upon honesty, transparency, hard work, senior commitment and delivery, matching international investment banking standards.

---

(1) Maat International Group is a strategic partner of **Portfolio Stock Exchange**, an all-in-one stock exchange that leverages Nasdaq’s trading technology to reduce the number of intermediaries and cut down listing and trading costs by 90%. No other stock exchange in the world has a similar business model. Portfolio Stock Exchange is directed by former senior executives of the London Stock Exchange, Turquoise MTF, Banco Santander, ING Bank and international British law firms. The CEO and co-founder used to be a capital markets lawyer at Ashurst LLP (British law firm) and he advised Banco Santander’s subsidiaries €25bn debt programs during various years and multiple +2bn securitizations and green bonds issuances listed worldwide.

Portfolio Stock Exchange is a participant entity of various European financial markets infrastructures and takes care of the settlement, clearing and post-trade obligations for all issuers, brokers and investors trading on the platform. The settlement of financial transactions is carried out by Portfolio Stock Exchange in Euroclear. There is no need for the buyer or the seller to open securities accounts with third parties (Portfolio Stock Exchange opens the securities account and carries out all KYC checks) or hire a clearing member.

Portfolio Stock Exchange accepts issuers from all around the world and financial instruments governed under the laws of any jurisdiction. Portfolio Stock Exchange is ready, willing and able to structure a sophisticated and “state of the art” investment platform for Maat International Group initiatives and project financing for the listing financial instruments (equity, debt, investment funds…) providing an international exposure to investor in a EU Trading Venue and where international investors will be able to purchase financial instruments listed on Portfolio Stock Exchange
